

IFEANYI EZE

Software QA Engineer | SDET | ISTQB Certified

kingsleyfn41@gmail.com • www.linkedin.com/in/ifeanyi-eze-kingsley • Lagos Island, Lagos State, Nigeria

Summary

Experienced Quality Assurance Engineer specializing in automation testing for APIs, performance, and UI testing, with extensive knowledge of the Software Development Life Cycle (SDLC) and Software Testing Life Cycle (STLC). Proficient in implementing diverse testing methodologies to ensure high-quality deliverables. Adept at building robust web automation frameworks using Cypress and Playwright, seamlessly integrated with CI/CD pipelines. Skilled in test planning, exploratory testing, and driving quality excellence across projects.

Experience

Interswitch Group

Software Quality Assurance Engineer

Lagos State, Nigeria

11/2021 - Present

A leading payment processing company providing financial technology solutions in Africa.

- Developed automation scripts for API testing using Postman and JavaScript.
- Utilized Cypress with Page Object Model for UI testing.
- Designed and implemented web automation frameworks, integrating them with Bitbucket pipelines.
- Created detailed test plans and cases tailored to project requirements.
- Conducted rigorous SQL and NoSQL testing, ensuring data accuracy.
- Adopted Agile methodologies and facilitated sprint planning.

Carbon

Software Quality Assurance Engineer

Lagos State, Nigeria

04/2021 - 11/2021

A financial technology company offering digital banking solutions.

- Specialized in developing automation scripts for API testing and performance testing
- Built web automation frameworks integrated with Jenkins.
- Tested Carbon's mobile app, improving performance and usability.

Decagon

Software Quality Assurance Engineer

Lagos, Nigeria

12/2020 - 04/2021

A technology company focused on providing software engineering solutions.

- Led the formulation and execution of test cases for web and mobile applications.
- Utilized a combination of manual testing and automation tools like Cypress.

Education

Utidia Apprenticeship Institute

Apprenticeship Certifications

Lagos State, Nigeria

06/2023 - 09/2023

Ebonyi State University

(B.Sc.Ed.)

Ebonyi State, Nigeria

01/2011 - 12/2015

Strengths

QA Automation Expert

Possess a strong command of automation testing, with a particular focus on APIs and UI testing to ensure seamless functionality and user experience.

Agile Practitioner

Proficient in Agile methodologies, consistently collaborating with cross-functional teams to drive project success and deliver high-quality outcomes.

Certification

ISTQB® Foundation Level — Foundational certification validating knowledge of testing principles.

Setting a Foundation for Successful Test Automation — Introduction course for successful test automation strategies and execution.

Introduction to Cypress — Comprehensive training from novice to expert level in Cypress for web testing.

Software Testing Masterclass (2021) — Detailed software testing techniques aimed at elevating testing skills
